FOR IMMEDIATE RELEASE

AmeriWater Recognized as one of Dayton's Top 100 Businesses in 2008 by the Dayton Business Journal

DAYTON, OH, November 3, 2008 – With an increase of 32.7% in revenue over the past year, AmeriWater was named one of the top 100 businesses in the Dayton Ohio area. The Dayton based company designs, manufactures, sells and services water treatment equipment for the industrial, dialysis, hospital and health care industry. They have enjoyed a steady growth for the past five years, however the past two years have really skyrocketed.

President Jim Baker and Chief Executive Officer Diane Dolan attribute the growth to doing a better job focusing on dealers and providing products that are needed in the health care industry for the 78 million aging Baby Boomers. The US, Canada and Mexico dealer network is closely monitored by AmeriWater to assure that the right dealers are chosen and properly trained. “Our dealers are our partners and very important to our continued success, but we never lose sight of the real customer...the end user” said Diane Dolan. “My job is to constantly look for ways to improve and make things easier for our customer”, stated Jim Baker. “While we are always continuing to expand, the real focus is providing a quality product that we can be proud of”.

In addition to providing products, AmeriWater also does seminars, consultation, technical papers, articles and actively participates in many industry related associations. “We know that we can’t sit back and wait for things to happen. It’s up to us to be out there and involved” Dolan stated. AmeriWater plans on continued growth as they expand in to new markets.

About the Dayton Business Journal

The Dayton Business Journal is a subsidiary of American City Business Journals, the nation's largest publisher of metropolitan business newspapers. It operates the Web sites for each of the company's 42 print business journals local business news and information site for Los Angeles.

About AmeriWater

AmeriWater is a premier provider of water treatment solutions for health care and industrial applications. Established in 1995, AmeriWater is headquartered in Dayton, Ohio with regional distributors across the Western Hemisphere. Company founder Jim Baker is a leading industry authority on water quality with over 25 years experience in the field. In 2011, AmeriWater was acquired by Degremont, a subsidiary of SUEZ ENVIRONNEMENT.

About Degremont

Within SUEZ ENVIRONNEMENT, Degremont has been the world water treatment specialist for more than 70 years. Operating in more than 70 countries with 4,400 employees, Degremont generated revenues of 1,520 million euros in 2010.

About SUEZ ENVIRONNEMENT

Natural resources are not infinite. Each day, SUEZ ENVIRONNEMENT (Paris: SEV, Brussels: SEVB) and its subsidiaries deal with the challenge to protect resources on a daily basis by providing innovative solutions to industries and to millions of people.

SUEZ ENVIRONNEMENT supplies drinking water to 91 million people, provides wastewater treatment services for 61 million people and collects the waste produced by more than 50 million people. SUEZ ENVIRONNEMENT has 79,554 employees and, with its presence on five continents, is the world's leader exclusively dedicated to environmental services. SUEZ ENVIRONNEMENT, a 35.4% GDF SUEZ affiliate, reported sales turnover of 13.9 billion euros at the end of financial year 2010.
