EXPLANATION OF THE 0013-0002 O-RING REPLACEMENT KIT FOR THE 24-0007 MEMBRANE HOUSING

The 24-0007 membrane housing is purchased from (2) different vendors, Pureteck & Axeon. To identify the correct housing being used with your product, reference the pictures below.

The 0013-0002 o-ring kit contains a quantity of (2) of the 24-0029 o-rings and a quantity of (2) of the 24-0028 u-packing seals that are used on the Pureteck membrane housing for the (2) end caps.

Also included in the kit are a quantity of (4) of the 24-0018 o-rings used on the Axeon membrane housing for the (2) end caps. See the drawing below.
